

SECURE BY DESIGN

# HACKMIND

WE TAKE NOTHING  
FOR GRANTED!

# About us?

## The values that define us

**Hackmind** is a young company on the Italian scene, **founded in the UK in 2016 and founded in Italy in 2020 by experts in the field of Cyber Security.**

We want to bring quality IT services within everyone's reach, **establishing lasting relationships of trust** with our customers **focused on maximum transparency** while **maintaining low prices.**

# What do we do?

## The technology we use

We deal with cybersecurity, infrastructure and support for SMEs, and **we aim to raise awareness of privacy** and the introduction of **Secure By Design software and solutions within everyone's reach.**

We use the latest technologies, and we are not afraid to dare.

# What services do we provide?

## The brands we've created

### **CYBER SECURITY & SUPPORT**

We provide remote assistance on any Operating System or any infrastructure including a CSOC on Demand service

### **S.A.A.S. SOLUTIONS IN CLOUD**

We've created a range of cloud services for everyone to streamline your day-to-day tasks with support included

### **WEB AGENCY & GRAPHICS**

We are the first company in Italy to offer a Website A A Service through which we realize your new digital identity from scratch
